Governor
Sununu,
(cc:
NH-PUC, NH-DOE)

I
recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I
urge the PUC to accept this Settlement Agreement. If we are to reduce greenhouse gases, increase local control of our energy production, lower costs for production of power which will benefit consumers and the future energy sector.....from whatever perspective you look at this decision on metering, all parties will benefit from accepting this Settlement Agreement.

I
am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,
Wendy
Byrn
