Governor Sununu,

I just learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association. I urge the PUC to accept this Settlement Agreement.

Gutting or eliminating the NH net metering program for solar would irreparably harm the solar industry, and impact all future solar installations. We already have the lowest solar reimbursement rates in all of New England.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Kathy Grossman, Hollis, NH
