Governor Sununu,
(cc:
NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I **urge the PUC to accept this Settlement Agreement.** Net metering was very important in making the economics for my original PV installation in 2008 viable and is more important now for the new PV installation on which I have already paid a deposit. Please help New Hampshire to continue making gains against Climate Change. Thank you.
I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,
Raymond
