---

Governor Sununu,

(cc: NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement. I am a single mom working to support my little family and have put solar into assist with affording every climbing bills. The solar and net metering has helped me not only better afford electricity but also make a cleaner environment while doing so. Please consider all of the hard working people of the state before taking away or making change to net metering.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Ariel Cusson

Randolph NH
