**Re:** DE 22-060, Consideration of Changes to the Current Net Metering Tariff Structure, Including Compensation of Customer Generators

**CPCNH Response to Commission Record Requests**

Dear Chairman Goldner,

On behalf of the Community Power Coalition of New Hampshire (CPCNH), enclosed for filing in this docket are responses to certain record requests contained in the Commission's Order No. 27,018 Granting Rehearing and Amending Prehearing Order. CPCNH appreciates the opportunity to respond to the Commission's record requests as per the April 24, 2024 Prehearing Order and the June 14, 2024 Order No. 27,018. CPCNH wishes to inform the Commission that because more fully responding to the record requests would require significant additional research, analysis, and writing, in this initial comment period CPCNH chose to prioritize responses to record requests I and K, which relate directly to Community Power Aggregations (CPAs). We will consider responding to utility and any other initial responses by July 26, 2024.

Pursuant to the 7/24/23 Order of Notice in this matter, this filing is only being made electronically by email to the current service list including the Office of Consumer Advocate.

If you have any questions, please do not hesitate to contact me. Thank you.

Yours truly,
