DATED this 2nd day of December, 2024.

Unitil - Supplemental Order of Notice (DE 22-060)

New Hampshire

Electric, Dual Gas & Electric

On September 20, 2022, the Commission convened this docket to consider changes to net metering in New Hampshire as part of its obligation to “continue to develop and periodically review new alternative net metering tariffs.” RSA 362-A:9. The parties in the docket submitted numerous proposals for changes to the net metering program, which the Commission ruled on in Order No. 27,074 issued on November 18, 2024, after a two-day hearing in August 2024. In Order No. 27,074, the Commission reviewed proposals from the New Hampshire Department of Energy (DOE), Community Power Coalition of New Hampshire (CPCNH), and the Joint Parties¹ to consider additional changes to the net-metering tariff.

The Commission now issues this supplemental order to provide notice that it will consider additional changes to the net metering tariff in this docket pursuant to RSA 362-A:9, XVI, RSA 374:2, and RSA 378:7. The Commission will consider several issues raised by the parties’ filings that the Commission believes require further consideration as part of the Commission’s obligations under RSA 362-A:9, XVI. All docket filings, other than any information subject to confidential treatment, are available on the Commission’s website at <https://www.puc.nh.gov/Regulatory/Docketbk/2022/22-060.html>.
