**RE:** Docket No. DE 22-060 - Consideration of Changes to the Current Net Metering Tariff Structure, Including Compensation of Customer-Generators  
Eversource's responses to PUC 1-002 and 1-011

Chairman Goldner:

Pursuant to the Procedural Orders issued November 25 and December 17, 2025, attached responses to Commission questions 1-002 and 1-011, submitted on behalf of Public Service Company of New Hampshire d/b/a Eversource Energy ("Eversource"). Please note that the attachment that accompanies the response to 1-002 is a confidential excel file with sensitive customer information, which Eversource is required to safeguard pursuant to RSA 363:37 and 363:38. Since excel files cannot be redacted, this file will be transmitted confidentially in a separate email to the Commission only. As the file is over 67,000 rows of data, conversion to a .pdf and subsequent redaction would have materially delayed the filing and been considerably onerous to provide.

Consistent with current Commission policy this filing is being made electronically only; paper copies will not follow. If you have any questions, please have the clerk's office contact me. Thank you for your assistance with this matter.
