**Consideration of Changes to the Current Net Metering Tariff Structure, Including  
Compensation of Customer-Generators**

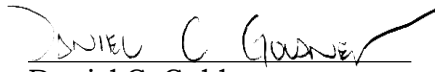

**Procedural Order Re: Stakeholder Report**

On February 1, 2023, the Commission issued Order No. 26,769, in which it approved the parties' proposed procedural schedule and scheduled a status conference for March 16, 2023. On February 21, 2023, at the parties' request, the Commission issued a procedural order rescheduling the status conference to May 4, 2023, and converting the March 16, 2023 status conference to an additional stakeholder session.

The Commission has determined that a written report might be more administratively efficient for the Commission and the parties than an in-person hearing. Therefore, the Commission requests that the parties file a written report summarizing the progress made and any consensus reached through the three stakeholder sessions (Stakeholder Report). The Stakeholder Report will be due on or before May 2, 2023. If the parties still wish to present their views and concerns in person, in addition to the Stakeholder Report, they should notify the Commission in writing on or before May 2, 2023 that they desire the scheduled status conference to be held.

The Commission will determine, after reviewing the report and hearing from the parties, whether to retain the May 4, 2023 status conference date.

So ordered, this thirteenth day of April, 2023.
