RE: Docket No. DE 22-062 - Request for Approval of Enfield Community Power Electric Aggregation Plan - Town of Enfield
Comments of Public Service Company of New Hampshire d/b/a Eversource Energy

Chair Goldner:

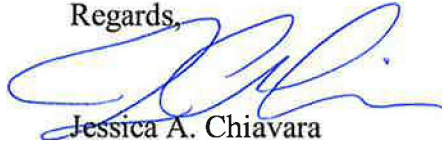

Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource” or the “Company”) provides the following comments on the Community Power Aggregation Plan filed by the City of Keene in this docket on September 19, 2022 (“Enfield Plan”), consistent with the requirement of RSA 53-E:7, II requiring utility comments on such a plan be filed within 21 days of submission of that plan.

Eversource has reviewed the Enfield Plan and found it to be consistent with the proposed Puc Chapter 2200 rules, which have not yet taken effect, but were conditionally approved by the Joint Legislative Committee on Legislative Rules on September 27, 2022. The Company would like to note that it is working diligently to make the requisite modifications to its enterprise IT and billing systems to be able to comply with all data request provisions in the proposed Puc 2200 rules that the Company is able to comply with by the time the rules become effective.

However, as the Company noted in its comments to the City of Keene’s Community Power Aggregation Plan in Docket No. DE 22-022, some of the modifications required entail quite extensive and labor intensive efforts, and one of the Eversource billing systems is 37 years old (the other is 15 years old). For these reasons the Company would like to note that it may have to seek partial or complete rule waivers for certain provisions, particularly with regard to the time requirements to provide certain data. Eversource will assess what waivers will be needed when the Puc 2200 rules become effective and file them on or shortly after the effective date of the rules. Those waiver requests will be filed to Docket No. DRM 21-142, as the waivers requested would need to apply to all Community Power Aggregation Plans that involve Eversource.

Following the March 17th letter of the Commission these comments are being filed electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.

Regards,

Jessica A. Chiavara
