Programs**

CPCNH Revised EDI Working Group Process Recommendations

Dear Chairman Goldner,

In Order No. 26,903 issued on 11/15/23 in this docket the Commission both ordered the docket closed and requested comments from parties on the process for an EDI working group going forward to be filed in this docket on or before 12/15/23. The Community Power Coalition of New Hampshire's timely filed such comments found at tab 74 of the docket book.

Today I am submitting for filing in this closed docket a revised version of our 12/15/23 filing. The only things that have changed are the table and its footnotes on pages 6-7, along with formatting changes to accommodate the larger table and longer footnotes.

The table and footnotes have been updated to be more accurate and to fill-in a number of previous question marks. We are submitting this updated information, both to correct and clarify the record and because we believe this information may be of use to the Commission, the Department of Energy, the Consumer Advocate, the utilities, and other parties interested in these issues.

Consistent with the Commission's current practices, this letter is being filed only in electronic form, but is copied to the service list.

If you have any questions, please don't hesitate to contact me. Thank you.

Yours truly,

Clifton Below

Chair, CPCNH, (603) 448-5899, Clifton.Below@CommunityPowerNH.gov
