UNITIL ENERGY SYSTEMS, INC.

Proposed Light Emitting Diode Outdoor Lighting Service Tariff Changes

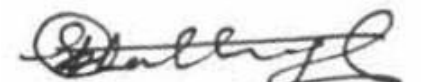

Procedural Order Re: Motion for Clarification

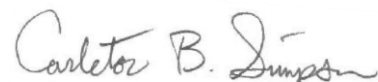

On June 6, 2023, Unitil Energy Systems, Inc. (UES) filed a motion to clarify Order No. 26,838 (June 2, 2023) (the order), which required UES to send written notice of the order to its customers by June 6, 2023 and file an affidavit of compliance by June 13, 2023. In its motion, UES represented that providing such notice to its thousands of customers within that timeframe was not feasible. UES requested the Commission to clarify or, in the alternative, waive the notice requirement of the order to find that UES had complied by posting notice on its website on June 5, 2023, as shown in the attached “Affidavit of Publication.” The New Hampshire Department of Energy did not object to UES’s request.

UES’s Motion for Clarification is GRANTED. The Commission clarifies Order No. 26,838’s notice requirement to provide that posting notice of the order on UES’s website is sufficient. The Commission will accept the statement attached to UES’s motion, although it is technically not an affidavit because it lacks a jurat, as sufficient proof that notice of the order was posted timely on UES’s website, and it finds that UES has satisfied the notice requirement of the order.

So ordered, this nineteenth day of June, 2023.
