Concord, NH 03301-2429

Re: Unitil Energy Systems, Inc., Docket No. DE 23-002  
Motion to Amend Procedural Schedule

Dear Chairman Goldner:

Enclosed please find Unitil Energy Systems, Inc.'s (the "Company") Motion to Amend the Procedural Schedule in the above-referenced docket.

The Company has worked diligently to meet all the procedural deadlines set forth in the schedule approved by the Commission on March 30, 2023. However, due to the volume and scope of the Technical Session Data Requests, the Company requires additional time to collect the requested data and conduct research and analyses that must be reviewed and verified prior to filing the responses to the Data Requests.<sup>1</sup> Accordingly, the Company respectfully requests that the Commission amend the existing procedural schedule to extend the time for filing responses to the Discovery Requests from May 12, 2023 to May 19, 2023, while maintaining the remainder of the procedural schedule milestones as they currently exist.

Although the Company is currently compiling the relevant information and developing responses to the Data Requests, Unitil requests that the Commission grant this request on an expedited basis, prior to the existing May 12, 2023 deadline to file responses to the Technical Session Data Requests.

Thank you for your attention to this matter.

---

<sup>1</sup> According to the currently approved procedural schedule, the Company's responses to the Technical Session Data Requests are due on May 12, 2023, i.e., in five business days.

Sincerely,

A handwritten signature in black ink that reads "Matthew Campbell". The signature is written in a cursive style with a large, stylized initial "M".

Matthew C. Campbell  
Senior Counsel
