RE: Docket No. DE 23-004, Public Service Company of New Hampshire  
d/b/a Eversource Energy – Proposed Purchase of Receivables Program  
Parties' Update of Status of Discussions on Tariff and ESSMA Language Changes

Dear Chairman Goldner:

On behalf of all parties to this proceeding, Public Service Company of New Hampshire d/b/a Eversource Energy ("Eversource") hereby submits this update on the status of their discussions regarding potential further language changes to Eversource's Tariff NHPUC No. 10–Electricity Terms and Conditions for Energy Service Providers ("Tariff") and Electric Supplier Services Master Agreement ("ESSMA") as necessary to implement the purchase of receivables program. This status update is provided pursuant to the Commission's directive in the procedural order issued on October 16, 2024.

The Company has circulated revised versions of the Tariff and ESSMA and the parties have met twice to discuss those revisions; further language revisions will be proposed and another meeting among the parties has been scheduled within the next two weeks. The Company currently anticipates that the proposed revisions to the Tariff and ESSMA will be filed with the Commission by December 16, 2024.

In addition, the parties have agreed to request that a half-day hearing in Phase 2 of the proceeding be scheduled for January 27, 28, or 29, 2025.

Consistent with current Commission policy, this filing is being made electronically only and paper copies will not follow. If you should have any questions, please contact me.

Sincerely,

*/s/ David K. Wiesner*
