RE: Docket No. DE 23-004, Public Service Company of New Hampshire
d/b/a Eversource Energy – Proposed Purchase of Receivables Program
Filing of Revised Versions of Tariff Terms and Conditions and
Electric Supplier Services Master Agreement

Dear Chairman Goldner:

Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) hereby submits the enclosed revised versions of its Tariff NHPUC No. 10–Electricity Terms and Conditions for Energy Service Providers (“Tariff”) and Electric Supplier Services Master Agreement (“ESSMA”). Pursuant to the Commission’s procedural orders dated October 16, 2024 and November 26, 2024, Eversource was directed to file its revised Tariff and ESSMA with the Commission by December 16, 2024, following further settlement discussions with the parties in this docket.

The enclosed versions of the two documents include a number of changes agreed to by the other parties and reflect a general consensus regarding the changes necessary for Eversource to implement its purchase of receivables (“POR”) program in New Hampshire. Please note that the changes to the Tariff and ESSMA are shown through tracked changes comparing the proposed versions with the existing versions of the Tariff and ESSMA; accordingly, changes from the versions previously filed with Eversource’s Technical Statement on September 23, 2024 are not separately or specifically identified.

Consistent with current Commission policy, this filing is being made electronically only and paper copies will not follow. If you should have any questions, please contact me.

Sincerely,

/s/ David K. Wiesner
