NEW ENGLAND POWER COMPANY d/b/a NATIONAL GRID

2022 CTC Reconciliation Report

Procedural Order Re: Request for Recommendation

On January 30, 2023, New England Power Company d/b/a National Grid (NEP) filed its annual report on the reconciliation of the Contract Termination Charge (CTC) to Granite State Electric Company, now Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities. In previous similar dockets, Commission staff (now the New Hampshire Department of Energy (DOE)) filed recommendations as to whether the CTC rate had been properly determined.

Therefore, the Commission requests that the DOE review NEP's filing and file a recommendation in this docket addressing whether the CTC rate has been properly determined and whether any further action by the Commission is necessary. The Commission requests that the DOE file its recommendation no later than March 10, 2023.

So ordered, this thirteenth day of February, 2023.
