

STATE OF NEW HAMPSHIRE  
BEFORE THE  
PUBLIC UTILITIES COMMISSION

ELECTRIC DISTRIBUTION UTILITIES

Potential Jurisdictional Conflicts Related to Authorization of  
Pilot Programs Under RSA 362-A:2-b

DOCKET No. DE 23-026

**PETITION FOR INTERVENTION**  
**CLEAN ENERGY NH**

Pursuant to the Docket Commencement issued on March 9, 2023 by the New Hampshire Public Utilities Commission (the “Commission”) in the above-captioned docket, N.H. Admin. Rules Puc 203.17, and in accordance with the standards of RSA 541-A:32, Clean Energy New Hampshire (“CENH”) hereby petitions for leave to intervene in this proceeding. In support of its Petition, CENH states the following:

1. CENH is a statewide nonpro fit organization, which educates and advocates for sustainable energy in New Hampshire. It has residential, business, and municipal members across the state of New Hampshire. Its mission is to strengthen New Hampshire’s economy and conserve natural resources by promoting a transition to an economy powered by clean, affordable, and abundant energy resources.

2. CENH has received support from more than 500 members, including more than 130 businesses, 35 municipal members, comprising over 350,000 New Hampshire citizens, and more than 400 individuals in every corner of the Granite State. Further, each of the regulated energy utilities is also a member of CENH. Therefore, our members have a substantial interest in this proceeding as it relates to the energy system as a whole and to electricity costs to consumers.

3. Moreover, CENH has a strong interest in the following subject areas, all of which could be directly or indirectly impacted by the findings made in this proceeding: renewable energy, solar power generation, and net energy metering.

4. CENH has been an intervenor in numerous adjudicative dockets including DE 11-250, DE 14-238, DE 15-137, DE 16-576, DE 17-136, DG 17-152, DE 17-189, DE 19-057, DE 19-064, DE 19-197, DE 20-092, DE 20-161, DE 20-170, DE 21-030, DE 21-071, DE 21-078, DE 21-119, DRM 21-142, and DE 22-060.

5. The rights, duties, privileges, immunities, and other substantial interests of CENH and its members will be affected by the decisions made in this proceeding. Additionally, those decisions will impact the core issues for which CENH was created to advocate.

6. CENH has participated in many proceedings before the Commission in the past on behalf of its members and clean energy practices and regulation in New Hampshire, and its participation in the proceeding will be in the interest of justice and will not impair the orderly and prompt conduct of this proceeding, nor will it delay the proceedings.

7. Clean Energy New Hampshire respectfully requests that it be granted full intervenor status in this proceeding.

Dated at Concord, New Hampshire, this 27<sup>th</sup> day of April, 2023.
