Concord, NH 03301-2429

Dear Chairman Goldner:

Re: DG 23-034; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty – Keene Division

Summer 2023 Cost of Gas – October 2023 COG Adjustment Effective 2023-10-01

On behalf of Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty-Keene Division (the "Company") and in accordance with New Hampshire Public Utilities Commission (the "Commission") Order No. 26,807 (April 25, 2023) in Docket No. DG 23-034, I enclose for filing the Company's (September) calculation of its projected collection of gas costs for the 2023 Summer season ending October 31, 2023

The calculation reflects the estimated September 2023 through October 2023 NYMEX settled forward prices as of September 19, 2022. The resulting projected over-collection of approximately \$85,276 is 19.7% of the total revised anticipated gas costs for the 2023 Summer season.

The calculated cost of gas rate is \$0.2091 per therm. The Company elects to decrease the cost of gas rate effective September 1, 2023, to \$0.2091. The current and revised cost of gas rates are listed in the table below.

Cost of Gas Rates (\$ per therm)

	<u>Current Rate</u>	<u>Revised Rate</u>	<u>Change</u>
Cost of Gas Excluding Gas Assistance	\$1.1464	\$0.2091	\$0.9373

Thank you for your attention to this matter. Please do not hesitate to contact me if you have any questions.

Sincerely,

/s/James M. King

James M. King
