Subject: Please reject ALL upcoming rate increases for Liberty

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

---

To whom it may concern,

I have been a resident in Pelham New Hampshire for five years and had Liberty Utilities since day one. I don't understand the continued rate increases. We're already enduring huge increases for energy from liberty utilities, compared to other companies and it just seems to be getting worse. They need to learn how to better manage their company and their negotiations for energy/distribution fees. Why should the consumer continue to take on a burden when they're managed so inefficiently? Please reject their request for increased fees this coming July, please reject the request for automatic increases over the next two years, as well as reject their request for retroactive payments if any increase is approved after July 1st.

Please stand up for the consumer as we can't afford to pay these exorbitant rates.

Thank you.

Barbara Bosco
