---

To whom it may concern,

I am writing to formally voice my concerns with the proposed rate increase by Liberty Utilities and make it a matter of public record. I and many others in the community vehemently disagree with the proposal by Liberty Utilities to increase distribution rates in the current year and going forward. Given the distribution rates doubled in the past year, the proposal to pass on further rate increases to the consumer is unconscionable, especially when no additional service is being provided and alternative providers are extremely limited. Please feel free to contact me to discuss in more detail and to keep me posted on further developments.

Thank you,  
Sean Daher
