Subject: Liberty Price Imcrease

I am a retired resident of Salem NH on a limited income and would like to complain about the price of electricity.

Liberty Electric is asking for another rate increase.

The current rate is significantly higher than in the past, and many cannot afford it already.

Is there anything that we can do to decrease our electric bill?

We have converted to all LED lighting, keep our home temperature lower in the winter and higher in the heat.

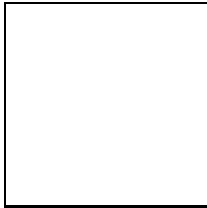

Another increase should not be allowed.

Thank you,
