Good Afternoon,

I am looking for your assistance in helping out NH residences and NH businesses as well from the soaring electric rates.

It is getting to the point where people will not be able to afford electricity any longer.

There have been rumors that rates are going to continue to rise. I am asking on the behalf of NH residences that NH as a state stand up and fight back against raising prices any further.

The cost of living is going to kill NH. Please do what you can to help the people of NH.

*Kind Regards,*

*Nancy Mackey*

Director of Purchasing
