I write to strongly object to Liberty's proposed rate increase for the distribution portion of their bill. I hope the PUC takes a long, hard look at this request and see it for what it is, namely an attempt to 'punish' it's customers for choosing the Community Power Coalition as our improved supplier of electricity.

Prior to CPCNH's involvement in sourcing electricity, Liberty had not requested an increase. Please respond to this email with information regarding the PUC's plans.

Thank you
