**Re: Docket No. DE 23-039; Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty
Request for Change in Distribution Rates**

Dear Chairman Goldner:

In Order No. 26,829 at 7 (May 26, 2023), the Commission stated that Liberty "shall provide live spreadsheets for all the schedules and models in its filing, with all supporting work papers, filed with the Commission and served on the parties on or before June 15, 2023."

On behalf of Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty, and in compliance with the above request, attached are the requested Excel files.

Note that Liberty recently responded to a data request from the Department of Energy that similarly asked for all the Excel files supporting the initial filing in this docket. To avoid the confusion that may arise from the parties having duplicate versions of these files with different file names, the Company has elected to provide the Commission with the Company's data response (which serves as a table of contents for the requested files) and the same Excel files that were provided in discovery, keeping the same naming convention. That is, the Company is responding to the Commission's request by providing its response to DOE 1-1 and Attachment DOE 1-1.1 through Attachment DOE 1-1.31.

Also note that two of the attachments contain confidential information, Confidential Attachment DOE 1-1.28 and Confidential Attachment DOE 1-1.29. Although Puc 203.08

protects the confidentiality of the information when provided in discovery, a motion is necessary since the information is being filed with the Commission. Therefore, attached is a Motion for Confidential Treatment to protect the confidentiality of the two confidential attachments.
