**DE 23-043**

**PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE  
d/b/a EVERSOURCE ENERGY**

**2023 Energy Service Solicitations**

**COMMENCEMENT OF ADJUDICATIVE PROCEEDING AND NOTICE OF HEARING**

On April 5, 2023, Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource or the Company) filed a letter notifying the Commission of its proposed 2023 default energy service solicitation scheduled for the Company's large and small customer groups. The initial filing and subsequent docket filings, other than any information for which confidential treatment is requested of or granted by the Commission, are available on the Commission's website at [www.puc.nh.gov/regulatory/Docketbk/2023/23-043.html](http://www.puc.nh.gov/regulatory/Docketbk/2023/23-043.html).

**I. BACKGROUND AND PROCEDURAL HISTORY**

The Commission approved the process used by Eversource to solicit default energy service supply for its large and small customer groups in Order No. 26,092 (December 29, 2017) issued in Docket No. DE 17-113. The large customer group consists of customers taking service under Primary General Service Rate GV, Large General Service Rate LG, Backup Service Rate B, and rates for any private outdoor area lighting associated with these accounts. *Id.* at 5. The small customer group consists of customers taking service under Residential Rates R and R-Time of Day, General Service Rates G and G-Time of Day, Outdoor Lighting Rate OL, and Energy Efficient Outdoor Lighting Rate EOL. *Id.*

According to that process, Eversource procures the power supply for customers who do not take energy service from a competitive supplier by issuing separate

requests for proposals (RFPs) to the competitive energy market twice a year for its large and small customer groups. *See id.* at 13, 15-16. The RFPs solicit 100 percent of power supply requirements for each customer group for two 6-month periods, one beginning February 1 and the other beginning August 1. *See id.* at 10, 13, 15-16.

Eversource's April 5, 2023 filing indicated the dates for, among other things: (1) the issuance of its RFP; (2) the selection of the award group; (3) the filing of its petition and supporting documents with the Commission; and (4) the requested date of the Commission's decision, which is June 22, 2023. Eversource will solicit 100 percent of power supply requirements for the large customer group for the 6-month period beginning August 1, 2023. *See id.* at 6, 10-11. The rate for the large customer group will vary each month according to the monthly pricing of the winning bidder. *See id.* at 11. For the small customer group, Eversource will solicit power in approximately 100 megawatt tranches for 100 percent of the power supply for the 6-month period beginning August 1, 2023. *See id.* at 10-11. Once it selects a supplier or suppliers, Eversource will set a fixed monthly rate for the 6-month period beginning August 1, 2023. *See id.* at 10.

## **II. ISSUES PRESENTED**

The filing presents, *inter alia*, the following issues: whether Eversource's power supply procurement is consistent with Order No. 26,092 (December 29, 2017) and RSA 374-F:3, V(c)-(e); and whether the resulting rates are just and reasonable as required by RSA 374:2, and RSA 378:5 and :7. Accordingly, an adjudicative proceeding will be convened to address these issues.

The Commission will be conducting any hearings scheduled in this matter in person. The Commission will consider requests to conduct hearings using a hybrid format to permit remote participation by a specific individual only if the Commission

has determined that a sufficient reason has been provided for why that individual would be unable to attend in person. Any party requesting that a specific individual be permitted to participate remotely should file a written request with the Commission's Clerk's Office no later than fifteen (15) days prior to the hearing date. If the Commission determines that one or more individuals will be permitted to appear remotely, then individuals in the Commission's hearing room, including the Commissioners, will be broadcast on a web-enabled platform.
