**Re: Docket No. DE 23-044; Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty
2023 Default Service Solicitations**

Dear Chairman Goldner:

At the March 20, 2024, hearing in the above docket, the Commission reserved Exhibit 17 for a Tyr Energy white paper on LMP call options and the historical LMPs to provide context as to the level of protection provided by different call option prices. The Commission also requested a status report on the scope and cost of that white paper by April 3.

On behalf of Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty, the Company respectfully asks to extend by one week the deadline for providing the status report, until April 10, 2024. The work with Tyr Energy has been more time consuming than anticipated and all the necessary information is not yet assembled.

Thank you.

Sincerely,
