Re: DE 23-054 Unutil Energy Systems, Inc. 2023 Default Service Schedule – DOE
Technical Statement Regarding Unutil’s Proposal

Dear Chairman Goldner:

On December 8, 2023, the Commission issued Order No. 26,910, in which it required Unutil Energy Systems, Inc. (UES or the Company) to file a proposal for an ISO-New England market-based procurement tranche of 10 to 20 percent, through whatever combination of direct Day Ahead and Real-Time ISO-New England market acquisitions the Company finds advisable, for the Company’s upcoming August 2024-January 2025 energy service period for its small and medium customer groups, to be assessed by the Commission in a future phase of this proceeding. UES submitted this filing on January 22, 2024.

On February 8, 2024 the Commission issued a Supplemental Order of Notice to assess the proposal and directed the Department of Energy to submit its position regarding Unutil’s proposal by March 7, 2024. As such, enclosed please find the Technical Statement of Stephen R. Eckberg regarding the Company’s proposal.

Pursuant to current Commission policy, this filing is being made electronically only.

Sincerely,

A handwritten signature in cursive script that reads "Matthew C. Young".
