UNITIL ENERGY SYSTEMS, INC.

2023 Default Service Schedule

Procedural Order Re: Motion for Waiver and Modification

On August 25, 2023, Unitil Energy Services, Inc. (UES) filed a motion for waiver and modification of the reporting requirement in Order No. 26,850 (June 16, 2023). That Order provided that for each month in the default service rate period, UES would file, by the 10th day of the following month, a summary comparison of the monthly average ISO-New England (ISO-NE) market electricity prices with the power supply charge components for UES's Small and Medium customer groups. Order No. 26,850 at 10. UES requests that the Commission modify this requirement so that the monthly summary comparison filing is due 30 days following the end of each reporting month. UES argues that this modification is necessary because ISO-NE typically does not release the relevant information until the middle of each month, making it impossible to file the comparison reports on the 10th of the month. UES represents that neither the New Hampshire Department of Energy nor the Office of the Consumer Advocate (OCA) object to the UES motion, and that the OCA assents to this motion.

The Commission GRANTS UES's motion to the extent it seeks a modification of Order No. 26,850. Order No. 26,850 is modified so that, on a monthly basis over the default service rate period, UES is to file by the 30th day of the following month, a summary comparison of the monthly average ISO-NE market electricity prices with the power supply charge components for UES's Small and Medium customer groups. Given this modification, UES's request for a waiver from the reporting deadline is rendered moot.

So ordered, this twenty-eighth day of August, 2023.
