Daniel Goldner, Chairman
New Hampshire Public Utilities Commission
21 South Fruit Street, Suite 10
Concord, NH 03301-2429

RE: Docket No. DE 23-063 - Joint Utilities' Petition for Waiver of Certain Provisions of the Puc 2200 Rules
Joint party status update and request to temporarily suspend the procedural schedule pending proposed resolution of the docket

Chairman Goldner:

By this letter, the parties to the docket wish to update the New Hampshire Public Utilities Commission ("Commission") as to the status of the above-captioned docket. The parties have made great strides in reaching a common position on all open issues, and are currently working on a joint party motion to reach a resolution in this matter. The parties' hope is to submit the proposed resolution to the Commission for consideration and approval in the near future.

Given the current efforts underway the parties, including the New Hampshire Department of Energy, request that the procedural schedule be temporarily suspended, rather than having the parties propose a modified schedule that may either require further modification or not be needed at all. Should the parties fail to reach a common resolution through the effort currently underway, the parties will notify the Commission of the need to resume the procedural schedule and provide new dates for the continuance of the docket.

Consistent with current Commission policy this filing is being made electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.

Regards,
