DEPARTMENT OF ENERGY  
21 S. Fruit St., Suite 10  
Concord, N.H. 03301-2429

March 22, 2024

Daniel C. Goldner, Chairman  
New Hampshire Public Utilities Commission  
21 South Fruit Street  
Concord, NH 03301

Re: DE 23-063 Public Service Company of New Hampshire d/b/a Eversource Energy,  
Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty and Until Energy Systems,  
Inc. – DOE Status Update

Dear Chairman Goldner:

On December 7, 2023, Eversource, on behalf of the parties to this docket, submitted a letter updating the Commission as to the status of the above-captioned docket. The letter explained that the parties had made progress towards a common position on all open issues and were in the process of working on a joint party motion to reach a resolution of this matter for submission to the Commission for consideration and approval. The parties requested that the procedural schedule be temporarily suspended and indicated that they would notify the Commission of the need to resume the procedural schedule and provide new dates for the continuance of the docket in the event that the parties could not arrive at a common resolution. The Commission subsequently issued a Procedural Order on December 12, 2023 granting the request for a temporary suspension of the procedural schedule and directing Eversource to notify the Commission of the status of the parties' discussions no later than February 22, 2024. On February 22, 2024, Unitil filed a status update, as required by the Procedural Order dated December 12, 2023. On behalf of all parties, UES requested that the Commission extend the temporary suspension of the parties' procedural schedule until March 22, 2024 to allow the parties to continue their discussions, because they were making progress toward a common position on pending issues. On February 27, 2024, the Commission issued a procedural order granting this request.

In parallel with this proceeding, and based on feedback from relevant stakeholders, on December 5, 2023 the Department announced that the EDI Working Group would reconvene in early 2024. Subsequently, there have been several meetings of

the Working Group focused on its structure, as well as the identification and prioritization of issues. An issue identified by stakeholders as the top priority is enabling the provision of data necessary to accommodate dual-billing for net metered and time of use customers on competitive supply, including those customers in community power jurisdictions. The next meeting of the EDI Working Group is scheduled for Monday, March 25, 2024 where the stakeholders will discuss these issues and potential next steps. As such, the Department intends to file a position statement regarding next steps of this proceeding after that meeting.

Sincerely,

A handwritten signature in black ink, appearing to read "Matthew C. Young". The signature is fluid and cursive, with the first name "Matthew" and last name "Young" being clearly legible.

Matthew C. Young  
Hearings Examiner/Staff Attorney
