My name is Andrew Grosvenor and I am a resident of Concord. I received notice of Liberty's requested rate increase (Docket No. DG 23-067) and would ask that the PUC deny this request unless Liberty can show that the increase will actually go to improving service to customers and not just lining the pockets of executives. Normal families are struggling hard to make ends meet while cost just keep increasing across the board. Electric rates skyrocketed in the past year, and now Liberty wants to pile on. We need some relief. We need consumer protection from the PUC. Costs keep going up, but we don't seem to be getting anything for all of the extra money we pay.

Thanks for your time and consideration.
