RE: Docket No. DE 23-070 - 2023 Transmission Cost Adjustment Mechanism
Public Service Company of New Hampshire d/b/a Eversource Energy – request for hearing date

Chairman Goldner:

On July 11, 2023 Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) filed a notification with the Public Utilities Commission (“Commission”) that it would file its annual Transmission Cost Adjustment Mechanism filing at the beginning of August. In that notification letter, Eversource also noted that Order No. 26,735 noted Eversource’s request for a hearing on September 7, but that the Order did not set the hearing date.

Eversource made its TCAM filing on August 4, 2023 and is holding a technical session on Friday August 18, but at this time no hearing date has been set. Eversource respectfully reiterates its request for a September 7 hearing. If that date cannot be accommodated, the necessary Eversource witnesses still have the following availability for a hearing in time for the 2023 TCAM to take effect on October 1, 2023: September 5, 8, 11, and 15. The Eversource witnesses are now receiving requests for other commitments on those days, so while those days are being held by Eversource for a hearing in this docket, setting a hearing date set would be greatly appreciated so that the witnesses and parties to the docket can plan accordingly.

Thank you for your assistance with this matter. Pursuant to current Commission policy, this filing will be made electronically only.
