RE: Docket No. DE 23-070 - 2023 Transmission Cost Adjustment Mechanism
Public Service Company of New Hampshire d/b/a Eversource Energy

Chairman Goldner:

Enclosed for filing is Public Service Company of New Hampshire d/b/a Eversource Energy's ("Eversource" or the "Company") Petition for Approval of Change in Transmission Cost Adjustment Mechanism ("TCAM"). Accompanying the petition are the testimony and attachments of Marisa B. Paruta, James E. Mathews, Scott R. Anderson, and David J. Burnham supporting Eversource's request.

Eversource is requesting approval of a forecasted retail transmission rate to be effective October 1, 2023, for a twelve-month billing period, as well as approval of the reconciliation of transmission costs and recoveries for the period of August 2022 through September 2023. The overall average rate for the TCAM is proposed to be 2.701 cents per kWh as compared to the current overall average rate of 2.179 cents per kWh.

Consistent with current Commission policy this petition is being filed electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.
