RE: Docket No. DE 23-070 - 2023 Transmission Cost Adjustment Mechanism
Public Service Company of New Hampshire d/b/a Eversource Energy

Chairman Goldner:

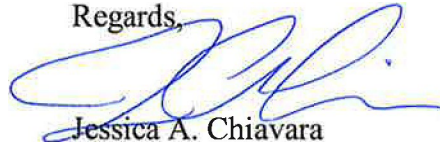

On August 4, 2023, Public Service Company of New Hampshire d/b/a Eversource Energy's ("Eversource" or the "Company") filed its Petition for Approval of Change in Transmission Cost Adjustment Mechanism ("TCAM"), along with testimony and attachments of Marisa B. Paruta, James E. Mathews, Scott R. Anderson, and David J. Burnham to support Eversource's petition.

In preparing the filing for submission as an exhibit for hearing, Eversource uncovered an item that required correction, and therefore provides the attached revised filing. It should be noted that the adjustment made ***does not impact the Company's allocations to the various customer classes or any of the TCAM rate calculations for any rate class.*** Specifically, Attachment DJB-1, on Bates page 50 has been revised from the original filing on August 4 to adjust the allocations between Regional and Local costs for certain lines and provide a more comprehensive presentation of the Company's complete portfolio of Local transmission investments.

Again, Eversource's TCAM rate allocations were performed correctly across all customer classes and as a result there is no change to RNS and LNS rates or the company's RNS and LNS expenses included in the TCAM filing. However, allocations within the table in Attachment DJB-1 on Bates page 50 required adjustment. The only affected values are shown in Line 12, 13, and 14, Columns E and F in the Attachment, and are highlighted in yellow for ease of reference. This change to Bates page 50 has no effect on the rest of the Company's TCAM filing, and is simply for more complete information for the regulatory agencies; the rest of the filing remains unchanged. This revised filing should replace the original filing in its entirety.

Consistent with current Commission policy this filing is being made electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.

Regards,

Jessica A. Chiavara
