Subject: Submission of Stratham Electric Aggregation Plan to the Commission for Review and Approval

Dear Dan,

In accordance with Puc 2204.01 Submission of Electric Aggregation Plans to the Commission for Review and Approval, the Town of Stratham is submitting its Electric Aggregation Plan to the Commission for Review and Approval. Our plan includes an opt-out default service program. The Plan has been adopted by the Energy Aggregation Committee on July 11, 2023 and approved by the Select Board on July 31, 2023. The Town has determined that the Plan conforms to the requirements of RSA 53-E and applicable rules of the Commission. The Plan is being submitted to the Puc before the Select Board submits it to Town Meeting for approval. After Town Meeting approves or rejects the Plan, the Town of Stratham shall notify the commission, department of energy, office of the consumer advocate and Unitil in writing and by email of such final plan approval or rejection.

The responsible person to answer questions about the approved plan is the chair of the Stratham Energy Aggregation Committee, Charlie Case. This person is authorized to request information from utilities under these rules:
