**Re: Docket No. DG 23-076; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty
Winter 2023-2024 and Summer 2024 Cost of Gas and LDAC Filing**

Dear Chairman Goldner:

In two orders issued on August 14, 2023, the Commission approved and began to implement the Company's request to change the effective date for future LDAC rate adjustments from November 1 to February 1, which change was to be first implemented with new LDAC rates effective February 1, 2024.

Order No. 26,872 (Aug. 14, 2023), issued in Docket No. DG 23-027 (the docket that considered Liberty's request to change the LDAC calendar) approved the change, and Order No. 26,873 (Aug. 14, 2023) issued in Docket No. DG 22-045 (the prior cost of gas and LDAC docket), extended the existing LDAC rates until February 1, 2024, to allow for the new LDAC calendar.

Liberty filed proposed tariff pages to implement these changes on December 1, 2023, in Docket No. DG 23-027. Liberty filed the very same proposed tariff pages in this docket on January 16, 2023. At the January 17, 2024, hearing in this docket, the Company and the Department of Energy represented that the parties were working on final adjustments to the proposed language.

Attached for filing in the above docket please find proposed tariff pages to implement the new LDAC schedule, clean and redlined, that incorporate these final adjustments. Note that these final adjustments were not substantive (e.g., corrected dates, updated order references, and clarified language).

Sincerely,
