RE: Docket No. DE 22-080 Petition for Approval of the 2024 Lost Base Revenue Rate
Public Service Company of New Hampshire d/b/a Eversource Energy
Update to proposed rate and accompanying Attachment YC-1

Chairman Goldner:

Attached for filing on behalf of Public Service Company of New Hampshire d/b/a Eversource Energy ("Eversource" or the "Company") is an updated version of Attachment YC-1 (REVISED), which accompanied the Company's original filing in this docket on September 1, 2023, and reflects a decrease in the proposed 2024 Lost Base Revenue ("LBR") adder contained within Eversource's System Benefits Charge.

The update is due primarily to the projected cumulative (over) recovery for calendar year 2023, which will be reconciled to flow back to customers in calendar year 2024. The update also accounts for measure retirements data for calendar years 2023 and 2024 that were previously unavailable at the time of the original filing. These updates result in a decrease from the originally proposed LBR rate of \$0.00181 per kWh to an **updated proposed 2024 LBR rate of \$0.00178**, as shown in Attachment YC-1 (REVISED). The revised updated Attachment YC-1 (REVISED) should replace the original Attachment YC-1 in its entirety. However, the only update to the original filing is update to the proposed rate to \$0.00178, the rest of the Company's filing remains unchanged.

Consistent with current Commission policy this filing is being made electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.
