Re: DG 23-084; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty Keene Division Winter 2023-2024 Cost of Gas Filing

Dear Chairman Goldner:

The Commission issued Order No. 26,900 (Oct. 31, 2023) (the "Order") approving the cost of gas rates for the Company's Keene Division. On behalf of Liberty Utilities (EnergyNorth Natural Gas) Corp., I write to inform the Commission (1) that the Order contains a clerical error in approving one of the rate components, and (2) that the Company intends to bill the correct rate.

The Company's filing proposed the following rates:

<u>Cost of Gas Rate</u>	<u>Excluding Gas Assistance Program</u>	<u>Gas Assistance Program</u>
Non-Fixed Price Option Cost of Gas Rate - Beginning Period (per them)	\$ 1.4007	\$ 0.7704
Fixed Price Option Cost of Gas Rate (per them) November 2023-April 2024	\$ 1.4207	\$ 0.7814
Pursuant to tariff section 17(d), the Company may adjust the approved cost of gas rate upward on a monthly basis to the following rate:		
Maximum Cost of Gas Rate - Non-Fixed Price Option (per them)	\$ 1.7509	\$ 0.9630

Exhibits 1 and 2, at Bates 020. Note the proposed Fixed Price Option (FPO) Gas Assistance Program (GAP) rate of \$0.7814.

The ordering clause on page 6 of the Order contains the following table with the approved rates that the Company is to bill its customers:

	Winter 2023-2024	Winter Maximum Rates
Residential	\$1.4007	\$1.7509
Residential (GAP)	\$0.7814	\$0.9630
C&I - LLF (High winter use)	\$1.4007	\$1.7509
C&I - HLF (Low winter use)	\$1.4007	\$1.7509
Residential FPO	\$1.4207	
Residential FPO (GAP)	\$0.7904	
C&I FPO	\$1.4207	

Note the *incorrect* FPO GAP rate of \$0.7904.

Since there was no discussion in the Order or at hearing indicating the Commission intended to approve an FPO GAP rate other than as proposed in the Company's filing, the Company assumes that the Order's incorrect FPO GAP rate is the result of a clerical error.

Therefore, the Company intends to bill the correct FPO GAP rate of \$0.7814.

Thank you.

Sincerely,

Michael J. Sheehan
