Re: Northern Utilities, Inc., New Hampshire Division - Docket DG 23-085,  
January 2024 Monthly Cost of Gas Report

Chair Goldner,

Pursuant to Commission Order No. 26,897 in Docket DG 23-085, enclosed is Northern Utilities - New Hampshire Division's ("Northern" or "the Company") current calculation of its projected over or under-collection of gas costs for the 2023-2024 winter season.

Northern's current calculation of costs has been updated to reflect the Company's revised October 31, 2023 balance, actual costs and revenues for November and December 2023 and NYMEX futures prices as of January 18, 2024. The updated calculations indicate that a rate change is not required at this time. Support for this decision is provided in the attached summary and tables.
