         Permanent Rate Proceeding - Notice of Intent

Dear Chairman Goldner:

Today, the Commission issued a procedural order concerning Pennichuck Water Works, Inc.; Pennichuck East Utility, Inc.; and Pittsfield Aqueduct Company, Inc.'s notice of withdrawal of its motion for waiver. In that order, the Commission also closed this docket.

Given that the Companies filed a Notice of Intent to file rate schedules, which the Commission recorded at Tab 4 of this docket, the Companies believe the Commission needs to keep this docket open to consider the rate filing. The Companies will be filing the rate filing with the Commission no sooner than Monday, November 13, 2023 (the first business day after the tolling of 30 days) and no later than Tuesday, December 12, 2023 (the 60<sup>th</sup> day from the date of the filing of the notice of intent) per N.H. Code Admin. R. Puc 1604.05(a) and (c).

If the Commission is assigning the Notice of Intent a different docket number, then we will need to know before the rate filing so that the documents can be properly marked. We look forward to hearing from the Commission.

Thank you very much for the Commission's assistance with this rate case.

Very Truly Yours,
