WHAT'S NEW

[Pennichuck Water Works, Pennichuck East Utility, and Pittsfield Aqueduct Company – Request For Change In Rates](#)

[Commencement of Adjudicative Proceeding and Notice of Hearing](#)

On November 21, 2023, Pennichuck Water Works, Inc. (PWW), Pennichuck East Utility, Inc. (PEU), and Pittsfield Aqueduct Company, Inc. (PAC) (collectively, the Pennichuck Utilities) filed a joint petition to establish consolidated rates for water services between the three companies for effect January 1, 2025. The request would have the effect of changing each company's existing rates. On December 15, 2023, the New Hampshire Department of Energy (DOE) moved to dismiss the petition on the grounds that, among other reasons, it is inappropriate to adjudicate three separate utilities' rates in a single docket. On December 21, 2023, the Pennichuck Utilities objected to the motion to dismiss. The motion remains pending before the Commission.
