Revised Hearing Exhibit and Witness Lists

Dear Chairman Goldner:

On January 9, 2025, the Commission issued a procedural order requesting the City of Nashua attend the January 14, 2025 hearing in this matter with a proposed witness. To that end, and after consulting with the City of Nashua, I have revised the witness list to reflect that Steven M. Bolton will make himself available to testify should the Commission so wish.

Also, having been contacted by the Commission's clerk, I have further revised the proposed exhibits to accommodate the protection of the live Excel workbook for the cost of service study. Specifically, I have removed the reference in the description of Exhibit 3 to it being "redacted"; I have revised the description of Exhibit 4 to reflect that it is only DLW Attachment C (confidential) of the supplemental testimony filing; and I have added Exhibit 7, which is the public redacted version of Exhibit 4.

I thank the Commission for its assistance in ensuring that we have a successful hearing in this matter on January 14, 2025.

Very Truly Yours,
