Re: Docket No. DE 24-070

Public Service Company of New Hampshire d/b/a Eversource Energy
Responses to Requests 051-053 (Issued November 19, 2024)

Chairman Goldner:

On behalf of Public Service Company of New Hampshire d/b/a Eversource Energy (the “Company”), this letter serves as the Company’s request to extend the deadline to file the Company’s responses to information requests 051-053 (“Requests”) issued by the New Hampshire Public Utilities Commission (“Commission”) on November 19, 2024. The Commission provided a deadline of December 2, 2024 for the Company to file its responses to the Requests.

The Company has been diligently working on developing the requested responses. The Requests require compiling additional data and information, including model impacts of PBR with illustrative exhibits, and alternative graphical representations which take a considerable amount of time to compile. In addition to responding to the requests issued by the Commission, the Company is also responding to approximately 100 data requests issued by intervenors on or about November 15, 2024.

Due to the time required to produce the responsive information and graphs, the Company requests an extension to file its responses to the Requests. Finally, the current deadline of December 2, 2024 provides the Company with eight business days to develop responses, considering the Thanksgiving holiday and office closures on November 29, 2024.

To provide the Commission with thorough and accurate responses, the Company respectfully requests additional time to file responses to facilitate review with key company personnel. Specifically, the Company requests an additional seven business days, which would move the deadline for the Requests from December 2, 2024 to December 11, 2024.

Thank you for your time and attention to this matter. Please contact me with any questions.

Sincerely,
