Re: Docket No. DE 24-070 - Public Service Company of New Hampshire d/b/a Eversource
Notice of Intent to File Rate Schedules
Planned participation and availability for January 7 and 8 Commission technical sessions

Chairman Goldner:

The Commission issued a Procedural Order on November 5, 2024 in this docket indicating that the January 7 and 8 technical sessions would focus on capital investments and operation and maintenance (O&M) expense. Additionally, the Commission identified that the issue of rate design raised by the Rate LG Customer Consortium may be addressed at these sessions. During the November technical session, the Commission also indicated that it would like to discuss depreciation during the January sessions. Given the aforementioned issues, Public Service Company of New Hampshire d/b/a Eversource Energy (the "Company") plans to have the following personnel available to address these topics:

- Capital Additions: James Devereaux, Manager Budget and Investment Planning
Brian Dickie, Vice President, Electric System Operations
Leanne Landry, Director, Investment Planning
- Test Year O&M: Ashley Botelho, Director, Revenue Requirements
Dominick Brescia, Senior Analyst, Revenue Requirements
- Rate Design for LG Customer Consortium: Edward Davis, Director, Rates
- Depreciation: John Spanos, President, Gannett Fleming Valuation and Rate Consultants
Lindsey Ekblade, Senior Accountant
Chris Salbinski, Manager, Accounting

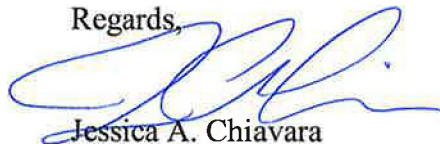

Due to irreconcilable scheduling conflicts, the Company respectfully requests that issues related to depreciation be addressed on January 7. Additionally, Edward Davis has a conflict the

morning of January 7 and therefore the Company also requests that rate design topics be addressed in the afternoon on January 7 or on January 8.

The Company greatly appreciates consideration of these limited constraints. If, since the issuance of the November 5 Procedural Order, the Commission has identified further topics regarding the Company's filing that it would like to address at the January sessions, or previously-addressed topics it would like to revisit, the Company would ask that the Commission file a list of those topics to the docket so that the Company can make arrangements for the appropriate staff resources to be available.

Consistent with current Commission policy this filing is being made electronically only. Thank you for your consideration of this matter.

Regards,

Jessica A. Chiavara
Senior Counsel, Eversource Energy
