RE: Docket No. DE 24-112, Public Service Company of New Hampshire, d/b/a
Eversource Energy, Petition for Adjustment to Stranded Cost Recovery Charge
Responses to Commission Record Requests

Dear Chairman Goldner:

Enclosed for filing with the New Hampshire Public Utilities Commission (the "Commission") on behalf of Public Service Company of New Hampshire d/b/a Eversource Energy (the "Company"), please find the Company's Responses to the Commission's Record Requests contained in the procedural order issued on January 10, 2025.

Please note that Record Request 1-002(a) calls for a significant amount of detailed data that is not readily available from the Company's billing systems; as a result, the response to 1-002(a) only partially addresses the information requested, and significant additional time would be required to compile the necessary data to supplement that response. The Company requests the opportunity to discuss this Record Request at hearing to explore potential refinement that would align with information readily available to the Company, while still meeting the needs of the Commission's request. Alternatively, the Company would seek an extension to respond to this record request entirely, which could also be discussed during the hearing.

Consistent with current Commission policy, this filing is being made electronically only and paper copies will not follow. If you should have any questions, please contact me.

Sincerely,

/s/ David K. Wiesner
