Electric Vehicle Time of Use Rates

Procedural Order Re: Technical Session

On November 8, 2022, Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty (Liberty) issued separate compliance tariff filings in Docket Nos. DE 17-189, DE 19-064, and DE 20-170 pursuant to Order Nos. 26,209, 26,376, and 26,604, respectively. On December 7, 2022, the Commission's tariff administrator sent a letter to Liberty indicating that Commission staff were unable to determine whether the rate changes reflected in the compliance tariff pages accurately reflected the rates approved in the underlying orders. The Commission requested that Liberty file additional documentation to demonstrate how it calculated the rates on the compliance tariff pages. On February 24, 2023, in response to the December 7, 2022 non-compliance letter, Liberty submitted additional documentation and corrected compliance tariff pages in each of the three dockets.

The Commission has determined that a technical session between its staff, Liberty, and interested parties would aid in the review of the February 24, 2023 submissions. The Commission therefore schedules an in-person technical session for March 29, 2023 at 10:00 a.m. at its offices at 21 South Fruit Street, Suite 10, Concord, New Hampshire, 03301, in Hearing Room A. Liberty's presence at the technical session is required, and the Commission requests the presence of the New Hampshire Department of Energy.

So ordered, this twenty-second day of March, 2023.

Daniel C. Goldner
Presiding Officer
Chairman
