The DOE noted that the parties will attempt to resolve Bedford Waste's petition for approval of financing filed in Docket No. DW 22-054 during the temporary rate phase in Docket No. DW 22-058. Accordingly, parallel schedules have been proposed in each docket.

It has been determined that the proposed procedural schedule is in the public interest and, therefore, it is approved. A hearing on temporary rates has been scheduled on <u>Thursday</u>, <u>March 23</u>, <u>2023</u>, at 9:00 a.m. Three hours have been allotted for this hearing. If additional time will be required, the parties are requested to notify the Commission within ten days from the date of this order.

Provided the parties file a settlement agreement regarding permanent rates according to the deadline in this procedural schedule, a hearing on permanent rates has been scheduled on Wednesday, July 19, 2023, at 9:00 a.m. Three hours would be allotted for this hearing. If the litigation track is followed in this proceeding, then a hearing on permanent rates will be scheduled on Tuesday, August 29, 2023, at 9:00 a.m. One day would be allotted for this hearing. If additional time will be required for the hearing on permanent rates, the parties are requested to notify the Commission at least 15 days prior to the date of the hearing.

All hearings will be conducted in accordance with the hearing guidelines issued on November 1, 2022.

So ordered, this twenty-first day of December, 2022.
