

**STATE OF NEW HAMPSHIRE
PUBLIC UTILITIES COMMISSION**

DE 22-083

UNITIL ENERGY SYSTEMS, INC.

Proposed Light Emitting Diode Outdoor Lighting Service Tariff Changes

Procedural Order Re: Motion to Extend Deadline

The Commission issued a procedural order dated February 17, 2023, which required the New Hampshire Department of Energy (DOE) to file its position statement by March 15, 2023. On March 7, 2023, the DOE filed a motion to extend the March 15 deadline to April 1, 2023, stating that it needed additional time to file its recommendation. The DOE asserted that more time would allow it to file a sufficiently specific recommendation, to which Unitil Energy Systems, Inc. (UES) could conform the revised proposed tariff that it plans to file at a later date.

The DOE stated that UES represented it would file a revised proposed tariff consistent with the DOE's recommendation, indicating that UES would have no objection to the DOE's request for an extension of the March 15 deadline. *See* N.H. Admin. R., Puc 202.04(b). Therefore, the DOE's motion to extend deadline is GRANTED. The DOE shall provide its position statement to the Commission on or before Monday, April 3, 2023.

So ordered, this eighth day of March, 2023.

Daniel C. Goldner
Presiding Officer
Chairman
