PENNICHUCK EAST UTILITY, INC.

Petition for Approval of 2023 Qualified Capital Project Adjustment Charge

Procedural Order Re: Motion to Amend Order *Nisi*

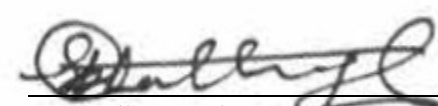

In Order No. 26,907 (November 30, 2023), the Commission required Pennichuck East Utility, Inc. (PEU) to submit a final calculation of the recoupment surcharge to be applied to customer bills within 14 days of the date of that order *nisi*, or by December 14, 2023. On December 1, 2023, PEU filed a motion to amend Order No. 26,907 by extending the December 14 deadline to 14 days after the order's December 30, 2023 effective date, when the three-month recoupment period ends, so that PEU can base its final calculation of the recoupment charge on a review of the final bills issued on December 28, 2023. PEU represented in its cover letter that the New Hampshire Department of Energy (DOE) assented to its motion.

The Commission GRANTS PEU's motion to amend order *nisi* and extends the December 14 deadline, so that on or before January 16, 2024, PEU shall submit to the DOE and the Commission a final calculation of the recoupment surcharge to be applied to customer bills. See N.H. Admin. R., Puc 202.04. This extension will not affect any other deadlines contained in Order No. 26,907.

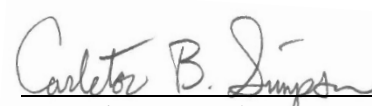

So ordered, this fifth day of December, 2023.
