

**STATE OF NEW HAMPSHIRE  
PUBLIC UTILITIES COMMISSION**

**DW 23-018**

**CITY OF LACONIA**

**Tariff for Water Service Applicable in Laconia, Belmont, and Gilford**

**Procedural Order Re: Tariff Filing**

On February 2, 2023, the City of Laconia Water Department, also known as Laconia Water Works (LWW), filed with the Commission a revised “Tariff for Water Service Applicable in Laconia, Belmont, and Gilford.” In its cover letter to that filing, LWW indicated that the changes on Third Revised Page 18 of the tariff have an effective date of January 17, 2023, and relate to the increase in backflow testing fees that are applicable to all its customers. However, LWW did not state under what legal authority it is filing the revised tariff page with the Commission or what determination it is requesting the Commission to make in response to its filing, as required by the New Hampshire Code of Administrative Rules, Puc 202.01(b) or, alternatively, Puc 203.05(a). *See* Puc 203.05(b).

Accordingly, the Commission finds LWW’s filing deficient in its present form and therefore will deem it not to have been filed unless and until LWW provides the information required by Puc 202.01(b) or Puc 203.05(a). Specifically, if LWW requires a Commission determination, it should file an appropriate request. If LWW does not file a petition by March 31, 2023, the Commission will close this docket.

So ordered, this third day of March, 2023.

Daniel C. Goldner  
Presiding Officer  
Chairman
