**MILL BROOK VILLAGE WATER SYSTEM**

**Rate Adjustment Filing**

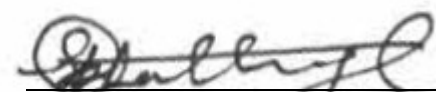

**Procedural Order Re: DOE Recommendation**

On April 1, 2024, Mill Brook Village Water System, LLC (Mill Brook) filed a tariff page that reflected a decrease in its water rates. The attached cover letter represents that Mill Brook filed this page because Order No. 25,754 (January 14, 2015) in Docket No. 14-176 requires the company to lower its water rates when it adds customers to its water system. In a similar proceeding in Docket No. DW 23-032, the New Hampshire Department of Energy (DOE) submitted a letter in which it reviewed the changes to tariff page to ensure it conformed to Order No. 25,754 and recommended that the Commission accept the tariff page. The Commission requests that the DOE file a similar review and recommendation of Mill Brook's April 1, 2024 filing in this docket by April 26, 2024.

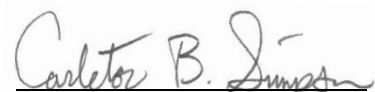

So ordered, this twelfth day of April, 2024.
